

## APS Delivers Much Needed Wi-Fi Hotspots to Families

**[Alamogordo, New Mexico]:** In the current environment of virtual learning, a fast Internet connection is a necessity to be able to access all the lessons and attend classes. While most families in the Alamogordo community have had access to high-speed Internet, there have been a few families that have been without. Alamogordo Public Schools is pleased to present the first Wi-Fi Internet Hot-Spots to some of our families. APS is dedicated to our motto: One Year of Learning for One Year of Teaching. Every Student. Every Year. This is true whether classes are in person or held virtually, and now these Wi-Fi Hot-spots will aid in that mission.
